EMPLOYMENT

2011 to present

Creative Production Designer

Target inHouse

Worked with various categories as a production designer for the new Target.com including: Electronics, Health & Beauty, and Toys. I effectively helped to concept, design, develop and troubleshoot the new site pages. Worked on a multitude of other miscellaneous projects during this time where I had the opportunity to show and perfect my leadership skills as a designer and developer.

2010 to 2011

Design Intern

Complete Design Studio

Worked as in-house designer and art director for Complete under Patrick Maun. I played a key role on several web sites from design to complete development. Utilized the most up to date techniques and coding styles to create a complete solution for each client.

2005 to 2011

Counter Intelligent Agent

Best Buy Geeksquad

Worked as a service technician helping clients to diagnose and repair computer related issues in-store and over the phone. Greatly helped develop communication and technical skill set.

2008 to 2009

Design Assistant

College of Visual Arts

Worked as in-house designer for CVA. Helped make direct mail-outs, document & forms generation, expand and promote the CVA branding identity.

2008 to 2009

Design Intern

Neighborhood Development Center

Worked as in-house designer for NDC. Worked on the "U7 Project" helping small business on University Avenue prepare for the light rail construction. Helped create services booklet and web site for "U7 Project".
